

NAME: Pete & Karen Elmer

FAMILY: 3 kids, 2 dogs, 4 cats, a bunch of burros and horses.

EMPLOYMENT: Retired.

A BIT OF LIFE HISTORY: Been there, done that.

4X4 VEHICLES: We currently have a '89 Jeep XJ, '93 Ford F250, and two quads. My first car was '63 VW that I converted to a Baja Bug. I also had a '69 Toyota FJ40 with a 327 Chevy small block and other modifications over the years. '79 Toyota 4 x 4 pickup and '81 VW powered sand rail. I also drove several Chevy K-5 Blazers for work, as well as Landrover Discoveries and Defenders during my years with the Camel Trophy. Thinking about lifting Karen's AWD Astro BUT she emphatically says NO!

MODIFICATIONS DONE TO YOUR PRESENT RIDE: No modifications to the F250. The '89 XJ is lifted 4 inches, and has a modified Con-Fer roof rack, Bullitproof bumper, Mile Marker 9.5 winch, off road lights, open radiator system, xtra cooling fan, limited slip rear end, Old

Man Emu shocks and Pro Comp suspension, Rubicon shackles, custom built rock rails, 31 inch Kumhos, hi-lift jack, shovels, Vaiair onboard air system and dog hair and drool everywhere.

FAVORITE VEHICLE OF ALL TIME: "Sherman" my '69 FJ40.

IF MONEY WAS NOT AN OBJECT, WHAT WOULD YOU DRIVE OFF ROAD?
90's Landrover Defender, completely built for long range expeditions.

SAME QUESTION BUT ON ROAD? Pete: 1962 Ferrari GTO, Ford GT40, 1965 Pontiac GTO.

FAVORITE TRAIL OR TRAILS: The now closed Calistoga Trail in Napa County CA.

TRAIL OR AREA THAT YOU WOULD LIKE TO RUN SOME TIME REALISTICALLY: Moab again, Canol Road and Dempster Highway Yukon Territory, local trails we haven't yet explored.

SAME QUESTION BUT UN-REALISTIC: The Long Way Round, around the world, following Ewan McGregor and Charley Boorman's route.

FAVORITE TYPE OF FOUR WHEELING? Exploring new areas, trails with some difficulty and some not.

FUTURE GOALS IN LIFE? Live it until I die.

IF YOU COULD BE ANYTHING IN LIFE, WHAT JOB WOULD YOU HAVE? Independently wealthy world traveler.
