Girly Jeep) has a four inch lift with Teraflex lower long arms, 35 inch M.T.R.s, Detroit Electrac and Detroit Truetrac with 4.56 gears, also a Teralow 2low transfer case, Tom Woods driveshaft, custom bumpers, skid plate and nerfbars. 9500lb winch and many other little mods.

FAVORITE VEHICLE OF ALL TIME: This is a good one because I have had many that I wish I still had (Maybe I have yet to own my favorite vehicle, something to look forward to?....)

IF MONEY WAS NO OBJECT, WHAT WOULD YOU DRIVE OFFROAD? Probably a custom built vehicle that would have a diesel electric generator with electric motor at each wheel for true traction control (no wheel slip), unmatched torque (total wheel spin) total 360 degree steering on each wheel (for precise maneuvers) regenerative braking, (to conserve energy and help recharge batteries in stealth mode) Ultimate ground clearance (no axles to drag on obstacles) lightweight and stealth operation.

SAME QUESTION BUT ON ROAD? Lamborghini Countach

FAVORITE TRAIL OR TRAILS? Definitely MOAB probably Kane Creek or Cliffhanger (Amasa Back), and any trail that is a challenge and scenic at the same time.

TRAIL OR TRAILS THAT YOU WOULD LIKE TO RUN SOMETIME, REALISTICALLY? Any trail that is new to me.

SAME QUESTION UNREALISTIC? The Moon, O.K. somewhere in the Middle East, or Australia.

FAVORITE TYPE OF FOUR WHEELING? Scenic trails, Rock Crawling.

WHAT OTHER THINGS DO YOU LIKE TO DO? Camping, Waterskiing, Snow Skiing, Golfing, Sometimes even Yard work!, Learning new things, and Traveling to new places.

FUTURE GOALS: Travel around the U.S. and abroad. Hopefully Jeeping into my later life.

IF YOU COULD BE ANYTHING IN LIFE WHAT WOULD YOU BE? A test pilot for new military aircraft or possibly an astronaut, hey maybe a rich rock star or actor, maybe an off-road race driver....ora greeter a Wal Mart.....(Ha Ha!!) I am pretty happy doing what I do.....
